

Deakin Week in Colombo  
Learn · Develop · Achieve

## Information session: Deakin Research

Deakin University, Australia, invites you to an information session to learn more about our PhD study opportunities.

At Deakin, we take pride ourselves on being relevant to our students and their communities, not just in the degrees we offer but in the research we do. Our research programs will help you take control of your study, develop transferable skills and become an expert in your field.

### Session details

**Date:** Monday 2 July 2018

**Time:** 10am – 12.30pm

**Location:** Atrium,  
Cinnamon Grand Hotel  
77 Galle Road,  
Colombo

### Research at Deakin

At Deakin, we're solving global challenges and making a positive impact on the world. From economics and physical and mental health to molecular research and citizenship and globalisation, Deakin is well placed to provide world-leading research through high-quality, innovative facilities.

Our research is producing smarter technologies for business and industry; improving the health and wellbeing of local and international communities; supporting sustainable development; and advancing education, citizenship and cultural understanding.

### Research and industry

Our world-class research and development capabilities make a real difference to industries as diverse as health, engineering, artificial intelligence, IT and renewable energy.

From big companies to small, Deakin can help grow ideas from a concept to reality, offering our expertise in a range of sectors and access to industrial scale infrastructure, funding and co-location opportunities.

Through international partnerships and commitment to research, Deakin's rankings success has continued to grow. The University has been ranked at 162 for the CWTS Leiden Ranking PP (Top 10%). These rankings are based on the number of publications that belong to the top 10% most frequently cited, and is an indication of the quality of Deakin's research output.

# Deakin Week in Colombo

## Research with global impact

Become a research student at Deakin and join over 1700 research students in the Deakin community. You will enjoy state-of-the-art facilities and expert supervisors.

Deakin's outstanding research is achieved through exceptional innovation carried out at six world-class Research Institutes and 11 Strategic Research Centres.

Deakin programs that are available to prospective students wanting a HDR qualification include:

- **In-country:** Students are enrolled at Deakin and based in their home country with co-supervision from a Deakin supervisor and industry/research partner.
- **Cotutelle:** Students are enrolled in two academic institutes and complete each institute's requirements and graduate with two testamurs.
- **Joint PhD:** Students are enrolled in two academic institutes, graduating with one double badged testamur.

### PhD Xtra - Be Expert

Join the world's best and brightest research professionals in Deakin's Higher Degree by Research program - PhD Xtra. PhD Xtra offers an enhanced learning experience for PhD and master's students through a flexible learning plan tailored by you.

### Scholarships

The below scholarships are awarded to top-ranked applicants and available to both domestic and international students:

- **Research Training Program Scholarships (RTP)** are funded by the Australian Government.
- **Deakin University Postgraduate Research Scholarship (DUPR)** are funded by Deakin.

## About Deakin University, Australia

A high-quality education, excellent employment prospects and a university experience you will love – that's what Deakin University has to offer.
